Association members:
First entry: £200+VAT
All subsequent entries: £175+VAT

Late entry fee: Entries received after the 28th June 2018 will be subject to an additional £100+VAT late entry fee.

Please read the guidelines below and adhere to these to avoid your entry being automatically disqualified and entry fees forfeited.

ELIGIBILITY PERIOD

The eligibility period for submissions should relate to the period June 2017 - June 2018.

WHO CAN ENTER?

The C&IT Awards are open to agencies, corporate in-house teams, associations, venues and suppliers.

SUBMISSIONS

Your entry must take the form of a 1,500 word written submission plus a 300 word executive summary.

The Executive Summary should NOT be part of your main submission document. There will be a section within the entry system to input your executive summary. Please note that if your entry is short-listed your executive summary will appear on this website when we announce the shortlist and final results.

Your main written entry must be supplied as PDF. It is strongly advised that you do not exceed the 1,500-word limit. For each 100 words over the limit the judges will deduct five marks. Please note your word count at the bottom of the document. Please feel free to use imagery, graphics and charts (if relevant) in your submission (text within any reference imagery will not be counted against your overall word count).

In addition to your written submission you have the option of providing any relevant support material. This can include images, reference material, testimonials and links to video content. Please note there is a total 50MB upload limit for each entry. The entry system will not allow you to exceed this limit and support material sent via email will not be accepted.

C&IT AWARDS ENTRY KIT 2018

WHAT SHOULD I INCLUDE IN MY ENTRY?

There is no set rule for required entry content as the nature of each entry can be quite unique, especially given the diversity of our categories. That being said, provision of the following examples (where relevant) would enable the judges to reach a fair evaluation of your submission:

- What was the brief / goal?
- What objectives were set?
- Was research important in setting objectives?
- What was the solution put forward? Was marketing an important aspect?
- What creative approach was adopted?
- How was it put into effect?
- Where there any challenges / obstacles?
- How were the challenges / obstacles overcome?
- Can you provide the names of your supplier companies?
- How was the project evaluated?
- What results were achieved, both in quantitative and qualitative terms?

Please note the above list is not fully comprehensive but provides examples of what you should be thinking about when writing your submission. Make sure the judges have all relevant information and keep your copy clear and succinct.

Think about the category you are entering and build your entry around it.

SUPPORT MATERIAL

As part of your entry we ask you to submit supporting material along with your entry. Please upload at least ONE high-res key image as a jpeg file that best represents your company or project. Please bear in mind there is a max of 50MB for your entire entry. You will not be able to complete your entry if it is over 50MB.

Your image must comply with the following:

- Jpeg file
- High-res
- At least 300dpi

Should you reach the shortlist stage, these images may be used for publication through the awards website and will be used on-screen during the awards night presentation.

OTHER SUPPORTING MATERIALS

Testimonials

Client testimonials are always a great back-up to any entry

Website links

Include any links to external websites or platforms

Images

As well as the required key image we will use if you are shortlisted, other images may also be submitted along with your entry

Video

Promotional videos etc. are a great way to really help the judges understand more about your entry. The video should be hosted via YouTube or Vimeo. Judges may not be able to watch all of the video so be sure that all the key facts supporting your entry are within the written submission. As previously mentioned there is a max upload limit of 50MB, so if your video exceeds this, then please provide a link to access this. Please note that videos sent via email may not be accepted.

HINTS & TIPS

Plan ahead – Draft an outline of what you want to get across before you start writing.

Create a story – Judges like a clear narrative. Think about the 5 W's – Who, What, Why, Where and When.

Answer the questions – This may sound simple enough, but judges will be looking for all of the questions to be answered clearly. The judging panel may not necessarily know everything about your company, so give some background.

Use results – In some of the categories the judges will look for evidence of commercial success and innovation. This can be demonstrated in a number of ways but simple facts and figures often tell the story best. It always helps to explain the basis of a successful POI for a campaign, project or business success story.

Think like a judge – The judges will be reading lots of entries – Make it an easy read and don't over format.

Supporting material – Make sure that your support material is relevant to your entry. It's very easy to upload EVERYTHING. Avoid doing this and only use evidence that backs-up your written submission.
