ENTRY KIT 2020

KEY DATES

Early bird entry deadline: *Thursday 2 April*

Standard entry deadline: *Thursday 16 April*

ENTRY FEES

Early bird entry fee: \$340

Standard entry fee: Entries received after 2 April will be subject to an additional \$95 per entry.

Please read the guidelines below and adhere to these to avoid your entry being automatically disqualified and entry fees forfeited.

ELIGIBILITY PERIOD

The eligibility period for submissions should relate to the period January 2019–January 2020.

WHO CAN ENTER?

The C&IT Awards APAC are open to agencies, corporate in-house teams, venues and suppliers located in the APAC region.

SUBMISSIONS

Your entry must take the form of a 1,000 word written submission plus a 300 word executive summary. The total submission must not exceed a maximum of five sides of A4.

The Executive Summary should NOT be part of your main submission document. There will be a section within the entry system to input your executive summary. Please note that if your entry is short-listed your executive summary will appear on this website when we announce the shortlist and final results.

Your main written entry must be supplied as PDF. You must not exceed the 1,000 word limit. For each 100 words over the limit the judges will deduct marks. Please note your word count at the bottom of the document. Please feel free to use imagery, graphics and charts (if relevant) in your submission (text within any reference imagery will not be counted against your overall word count).

In addition to your written submission you have the option of providing any relevant support material. This can include images, reference material, testimonials and links to video content. Please note there is a total 50MB upload limit for each entry and the maximum video length is three minutes. The entry system will not allow you to exceed this limit and support material sent via email will not be accepted.

WHAT TO INCLUDE?

There is no set rule for required entry content as the nature of each entry can be quite unique, especially given the diversity of our categories. That being said, provision of the following examples (where relevant) would enable the judges to reach a fair evaluation of your submission:

- What was the brief/goal?
- What objectives were set?
- Was research important in setting objectives?
- What was the solution put forward?
- Was marketing an important aspect?
- What creative approach was adopted?
- How was it put into effect?
- Were there any challenges/obstacles?
- How were the challenges/obstacles overcome?
- Can you provide the names of your supplier companies?
- How was the project evaluated?
- What results were achieved, both in quantitative and qualitative terms?

Please note the above list is not fully comprehensive but provides examples of what you should be thinking about when writing your submission. Make sure the judges have all relevant information and keep your copy clear and succinct.

Think about the category you are entering and build your entry around it.

SUPPORT MATERIAL

As part of your entry we ask you to submit supporting material along with your entry. Please upload at least ONE high-res key image as a jpeg file that best represents your company or project. Please bear in mind there is a max of 50MB for your entire entry. You will not be able to complete your entry if it is over 50MB.

Your image must comply with the following:

- Jpeg file
- High-res
- at least 300dpi

Should you reach the shortlist stage, this image may be used for publication through the awards website and will be used on-screen during the awards night presentation.

ENTRY KIT 2020

OTHER SUPPORT MATERIAL

TESTIMONIALS

Client testimonials are a great back-up to any entry.

WEBSITE LINKS

Include any links to external websites or platforms.

IMAGES

As well as the required key image we will use if you are shortlisted, other images may also be submitted along with your entry.

VIDEO

Promotional videos etc. are a great way to really help the judges understand more about your entry. The video should be hosted via YouTube or Vimeo and should not exceed three minutes. Judges may not be able to watch all of the video so be sure that all the key facts supporting your entry are within the written submission. As previously mentioned there is a max upload limit of 50MB, so if your video exceeds this, then please provide a link to access this. Please note that videos sent via email may not be accepted.

HINTS & TIPS

Plan ahead – Draft an outline of what you want to get across before you start writing.

Create a story – Judges like a clear narrative. Think about the 5 W's – Who, What, Why, Where and When.

Answer the questions – This may sound simple enough, but judges will be looking for all of the questions to be answered clearly. The judging panel may not necessarily know everything about your company, so give some background.

Use results – In some of the categories the judges will look for evidence of commercial success and innovation. This can be demonstrated in a number of ways but simple facts and figures often tell the story best. It always helps to explain the basis of a successful POI for a campaign, project or business success story.

Think like a judge – The judges will be reading lots of entries – Make it an easy read and don't over format.

Supporting material – Make sure that your support material is relevant to your entry. It's very easy to upload EVERYTHING. Avoid doing this and only use evidence that backs-up your written submission.

QUICK CHECK LIST

1

Select the categories you wish to enter

2

Write the submission ensuring you respond to any category specific criteria

3

Write your 300 word executive summary

4

Compile any relevant supporting material for your entry

5

Upload your written submission and supporting material (via the entry website)

6

Ensure that your entry (and supporting documents) does not exceed 50MB otherwise you will not be able to upload it successfully

Entry questions:

OBJECTIVES: What were the client's core objectives for the event? Entrants should state why the budget was restricted and include details of the budget, plus any relevant background on the client's business or industry sector (this information will be treated confidentially).

CHALLENGES: What were the core challenges in organising the event? How did budget limitations impact on the choice of venue/destination, or the type of event that was delivered. Was it difficult to negotiate with suppliers to bring down costs?

DELIVERY: Give a full rundown of the event delivered, including creative, content, venue, destination and logistics, focusing the steps taken to make sure the event delivered on the brief without breaking the budget.

RESULTS: Did the event nail its core objectives and come in on budget? Please include client testimonials on the event and any statistics available from post-event analysis and qualitative feedback. Judges will look for an event that delivered both creativity and clear ROI for the client, despite budget limitations.

BEST USE OF CSR

Open to:

Corporates, agencies, PCOs, associations and suppliers who have demonstrated excellent awareness of CSR or sustainability in live events.

Entry questions:

OBJECTIVES: What were the client's core objectives for the event? Outline clearly any pre-event research carried out and the reason for the emphasis on Corporate Social Responsibility or sustainability. Judges will look for entries where the role of CSR exceeded industry norms or sustainable practice went above and beyond what was expected.

CHALLENGES: What were the key challenges in organising the event, in particular implementing the CSR or sustainability strategies, and how were these overcome?

DELIVERY: Please give a full rundown of the event, including creative, content, venue, destination and logistics, focusing on the CSR/sustainability aspects and how they were used. Include details of pre and post-event and communication of the initiatives during the actual event - how did delegates know of all the good being done?

RESULTS: Did the event achieve its core objectives? Please include client testimonials on the event and any statistics available from post-event analysis and qualitative feedback. How was the impact of the CSR/sustainability initiatives measured? Judges will look for entries where the use of CSR/sustainable practices was proven to truly make a difference and could inspire others.

BEST BRAND AMPLIFICATION

Open to:

Corporates, agencies, PCOs, associations and suppliers.

Entry questions:

OBJECTIVES: What were the client's core objectives for the event? Outline clearly any pre-event research carried out and how the brand was amplified before, during and/or after the event through marketing, technology and innovation. Judges will look for entries where the brand clearly stood out at the event, but wasn't invasive.

ENTRY KIT 2020

CHALLENGES: What were the key challenges in organising the event, with particular context around the brand amplification aspects and how the initial vision was to be implemented, and how were these overcome?

DELIVERY: Please give a full rundown of the event, including creative, content, venue, destination and logistics, focusing on how the brand was amplified and how it was used to enhance/engage the event. Include details on pre and post-communications and interactivity during the actual event.

RESULTS: Did the event achieve its core objectives? Please include client testimonials on the event and any statistics available from post-event analysis and qualitative feedback.
